Dear Sir:

On May 4, 2001, Applicant filed the above referenced patent application along with a Request for Non-Publication under 35 USC 122(b)(2)(B)(1).

On April 25, 2002, Applicant filed a corresponding patent application under the Patent Cooperation Treaty. Applicant believed that at the time of filing this application, that he filed the accompanying Request to Rescind.

On January 27, 2003, Applicant received and reviewed a Notice from the PCT informing Applicant that the corresponding PCT application was published on January 3, 2003. A copy of this Notice is attached hereto, specifically identifying the PCT application, and the publication date of the PCT application. Upon receipt of this notice, Applicant reviewed the above referenced US patent application and discovered that the attached Request to Rescind was not submitted to the US Patent Office within 45 days from the filing date of the PCT application.

OFFICE OF PETITIONS

It is Applicant's standard practice, at the time any PCT application is filed, to review the corresponding US application and confirm whether a Notice of Non-Publication was originally submitted. Applicant believes that this was done.

It is also Applicant's standard practice to prepare and submit a Request to Rescind, as needed, either on the same day, or the following day, after filing a PCT application. Applicant has no recollection as to why this was not done for the above referenced patent application. Moreover, Applicant submits that the entire delay in submitting the attached request was unintentional.

Applicant earnestly requests the Examiner to telephone him at the direct dial number printed below if the Examiner has any questions or suggestions concerning the application or allowance of any claims thereof.

Respectfully submitted,
